SUMMARY

Backend Developer with 2.5+ years of experience in banking and lending platforms, specializing in Spring Boot microservices, REST APIs, credit assessment services, and FICO Blaze Advisor decisioning.

EXPERIENCE

SE @ ACT21 Software Noida

- Working as a Software Developer on Axis Bank lending projects like:- Agriculture Loan, Business Loan, SME Loan, Gold Loan, Education Loan.
- Designed and implemented Spring Boot microservices to handle loan eligibility checks, credit evaluation, and decision workflows across Axis Bank lending products.
- Developed RESTful APIs integrating frontend systems, multiple microservices (banking services), and third-party systems.
- Built a custom In-house credit assessment service using financial and transactional data, improving risk assessment accuracy and approval turnaround time while reducing the dependency on third-party systems.
- Collaborated with Stakeholders for requirement gathering, frontend, DevOps, QA , and business teams to deliver end-to-end banking solutions in an Agile (Scrum) environment.

PROJECTS

Axis BANK Loan Management System

Tech Stack: Spring Boot, FICO, MYSQL, REST APIs

- Developed backend services for a Lending and Loan Management System supporting loan application, eligibility validation, approval, and repayment workflows.
- Implemented credit score validation services, EMI calculation and repayment tracking logic.
- Enabled configurable and auditable decision rules using FICO Blaze Advisor.

Credit Assessment Service

Tech Stack: Spring Boot, JAVA, FICO, MYSQL, REST APIs

- Designed and implemented a credit assessment service to evaluate customer's custom credit scores based on financial and transactional data.
- Reduced dependency on third-party assessment tools and improved loan approval efficiency.

Plagiarism Checker (Academic)

Tech Stack: Java, AWS, ML

- Built a plagiarism detection tool under professor's guidance to calculate similarity percentage between assignments.
- Deployed on AWS to support execution at larger scale.

EDUCATION

Krishna Engineering College, AKTU - BTech, Computer Science, GPA-7.6
8/2020 - 8/2024

Bhai Parmanand Vidya Mandir, CBSE - XII, PCM Marks-90%
8/2018 - 8/2020

SKILLS

Technical

- Languages:- Java, SQL, SRL(FICO).
- Framework:- Spring Boot, Microservices, REST-APIs, Blaze Advisor.
- Tools:- Docker, GIT, Postman, SOAP-UI, FICO.
- Process:- Agile Methodology, SCRUM, SPRINT, JIRA.
- Others:- Debugging, Decisioning Services, Data Structures.

Software

- Eclipse, VsCode, Linux Terminal, MySql.

Interpersonal

- Active Listening, Teamwork, Problem-Solving, Effective Communication, Adaptability, Client management.

CERTIFICATION

- Data Structures & Algorithms – Devsnest
- Foundation Data Analytics – Coursera
- Python Programming – Prutor.ai (IIT Kanpur)
- Make Data-Driven Decisions – Coursera
- JavaScript & React JS (MERN) – IBM Skills Network
